

*Lucas Barickman for Responsable de  
l'Office des Polycopiés*

**2019-2020**

**My fellow Americans,**

It is with a proud spirit and a glad heart that I hereby write this postulatory letter of motivation announcing my application to the Association des Étudiantes en Médecine de Lausanne.

After much introspection and soul searching I have decided to dedicate my time and effort to provide my fellow medical students with my utmost attention concerning the advancement of their education. Over the past two years at UNIL I recognized how valuable the position of Responsable de l'ODP really is. Having benefited from it myself, I would like to repay the service that has been offered to me, by taking up the torch and serving my companions.

Let me share with you why my participation might be valuable by providing my personal strengths:

- **Reliable and disciplined:** holding myself to a high standard, I will ensure that the ODP office will be open every Tuesday and Thursday from 12:15 to 13:00.
- **Organised:** at an administrative level, I will provide every student with the material he or she needs to complete her medical studies, preventing any shortage of documents or materials.
- **Adaptive:** having adapted to several cultures around the world, I will be flexible and adapt to the needs and requests of each dear medical student Lausannois.
- **Open-minded and outgoing:** students and friends of all races, religions, sexual orientations, and walks of life will be guided to the resources that they need.

I strongly believe that it is my destiny to take on this role, and would be honored to have your vote!

Yours Truly,  
Lucas Barickman

*traduction: vote pour moi I am ze best*
